Treadmill with SE4 Console (16") / INT-SE416
Treadmill with SL Console / INT-SL

ELLIPTICAL CROSS-TRAINER

Integrity+ with Discover SE4 Console, Smooth Charcoal / INX-SE424

Other options:
Elliptical with SE4 Console (24") / INX-SE424
Elliptical with SE4 Console (16") / INX-SE416
Elliptical with SL Console / INX-SL

UPRIGHT LIFECYCLE EXERCISE BIKE

Integrity+ with Discover SE4 Console, Smooth Charcoal / INC-SE424

Other options:
Upright with SE4 Console (24") / INC-SE424
Upright with SE4 Console (16") / INC-SE416
Upright with SL Console / INC-SL

RECUMBENT LIFECYCLE EXERCISE BIKE

Integrity+ with Discover SE4 Console, Smooth Charcoal / INR-SE424

Other options:
Recumbent with SE4 Console (24") / INR-SE424
Recumbent with SE4 Console (16") / INR-SE416
Recumbent with SL Console / INR-SL

POWERMILL CLIMBER

Integrity+ with Discover SE4 Console, Smooth Charcoal / INPM-SE424

PowerMill with SE4 Console (24") / INPM-SE424
PowerMill with SE4 Console (16") / INPM-SE416
PowerMill with SL Console / INPM-SL

ARC TRAINER

Integrity+ Total Body Arc Trainer with Discover SE4 Console, Smooth Charcoal / INA-TSE424

Other options:
Total Body Arc Trainer with SE4 Console (24") / INA-TSE424
Total Body Arc Trainer with SE4 Console (16") / INA-TSE416
Total Body Arc Trainer with SL Console / INA-TSL
Lower Body Arc Trainer with SE4 Console (24") / INPA-LSE424
Lower Body Arc Trainer with SE4 Console (16") / INPA-LSE416
Lower Body Arc Trainer with SL Console / INA-LSL

INTEGRITY+ CARDIO CONSOLES

CONSOLE OPTIONS

Choose from the immersive experiences provided by the Discover SE4 Console (available in 24" and 16" sizes) or the get-on-and-go functionality of the SL Console.

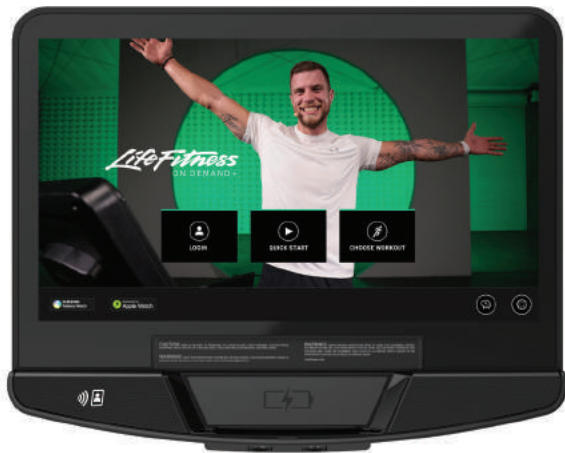

SL CONSOLE*

Rethink LED.

LED consoles don't have to be a commodity. Advancement in exerciser interaction like Apple Watch® compatibility and Bluetooth® connections are built into the Integrity SL console.

Up to 22 workouts feature several fitness tests, including those used by the Army, Navy, Marines and Air Force.

DISCOVER SE4 CONSOLE

The state-of-the-art console has a large 24" screen (16" also available) available across all base types for an immersive experience and access to hundreds of workouts through Life Fitness™ On Demand+.

The visually rich 1080p touch screen employs cutting-edge AIT technology for an incredibly responsive user interface. Exercisers can seamlessly sync a smartphone, tablet or other device using Bluetooth® or NFC technology and the console offers convenient wireless phone charging.

* Enhance entertainment with an attachable TV (Available for SL Console Only)

INTEGRITY+ BASES

Premium cardio that includes enhanced aesthetic touches, a choice of Black Onyx, Smooth Charcoal Titanium Storm, Arctic Silver or Diamond White finishes and the following equipment-specific features.

TREADMILLS

Remote speed and incline controls, and Flex Deck Shock Absorption Technology to reduce impact.

CROSS-TRAINERS

Remote resistance controls on multi-grip handles, rounded FlexForm pedals

UPRIGHT BIKES

Remote resistance controls on the handlebars, comfortable handlebar elbow pads, self-leveling pedals

RECUMBENT BIKES

Deluxe comfort seat, remote resistance controls on the side handles, exerciser-assist handles, self-leveling pedals

UPRIGHT LIFECYCLE EXERCISE BIKE WITH SL CONSOLE / INCS-SL

NAVY  NAVY PRT APPROVED

LifeFitness

LifeFitness

ASPIRE CARDIO

A streamlined and efficient cardio line that includes a treadmill, elliptical, upright bike and recumbent bike. Aspire Cardio provides effective workouts, and memorable exerciser experiences, for a wide range of users. Aspire has an inviting modern design and is built with the advanced biomechanics and focus on durability that Life Fitness cardio is known for.

**TREADMILL WITH SL CONSOLE
/ ASPT-SL**

Other options:

- Treadmill with SE4 Console (24") / ASPT-SE424
- Treadmill with SE4 Console (16") / ASPT-SE416

**ELLIPTICAL CROSS-TRAINER
WITH SL CONSOLE / ASPX-SL**

Other options:

- Elliptical with SE4 Console (16") / ASPX-SE416

**UPRIGHT LIFECYCLE EXERCISE BIKE
WITH SL CONSOLE / ASPC-SL**

Other options:

- Upright with SE4 Console (16") / ASPC-SE416

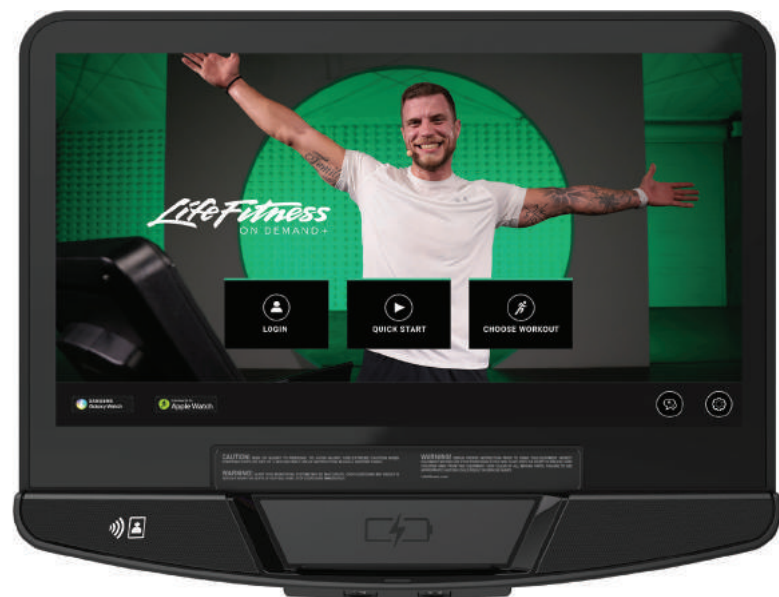

**RECUMBENT LIFECYCLE EXERCISE
BIKE WITH SL CONSOLE / ASPR-SL**

Other options:

- Recumbent with SE4 Console (16") / ASPR-SE416

ASPIRE CARDIO CONSOLE

DISCOVER SE4 CONSOLE

The state-of-the-art console has a 16" screen (24" also available on Aspire treadmill) for an immersive experience and access to hundreds of workouts through Life Fitness™ On Demand+.

The visually rich 1080p touch screen employs cutting-edge AIT technology for an incredibly responsive user interface. Exercisers can seamlessly sync a smartphone, tablet or other device using Bluetooth® or NFC technology and the console offers convenient wireless phone charging.

SL CONSOLE

Rethink LED. Bluetooth®, ANT+ and NFC provide connection to wearables, headphones, heart rate straps and more. Pairs wirelessly with Apple Watch®. Up to 22 workouts available.

ASPIRE CARDIO

Cardio equipment options that appeal to exercisers of all abilities and fitness goals.

TREADMILLS

A streamlined all-purpose treadmill that features a large accessory tray and cross handrail that allows for plenty of running room.

CROSS-TRAINERS

An elliptical path that feels extremely natural because the path of motion is similar to an exerciser's actual running stride.

UPRIGHT BIKES

Rooted in decades of proven durability. The generator drive system with poly-V belt resistance requires limited maintenance and also offers a smooth, quiet operation.

RECUMBENT BIKES

A backrest, lumbar support and a wrap-around adjustment lever combine to help exercisers achieve maximum comfort.

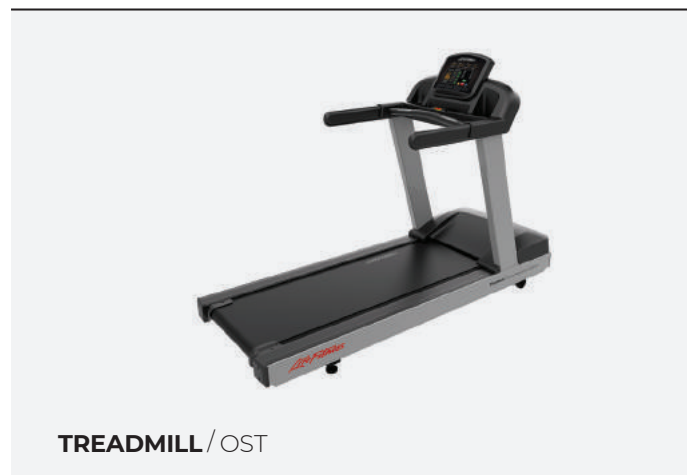

WHY LIFE FITNESS CARDIO

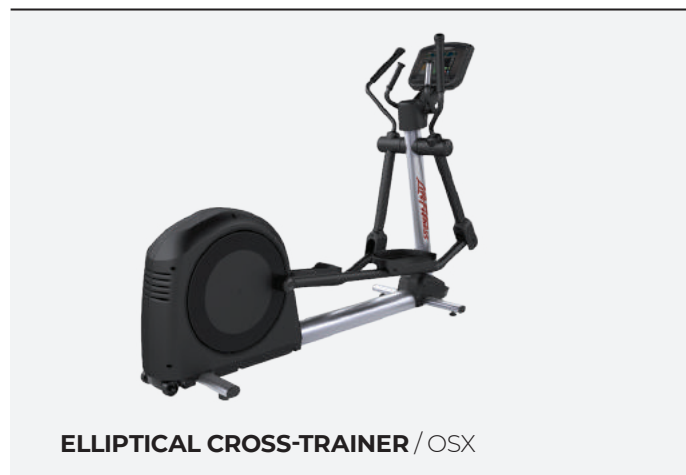

ACTIVATE SERIES

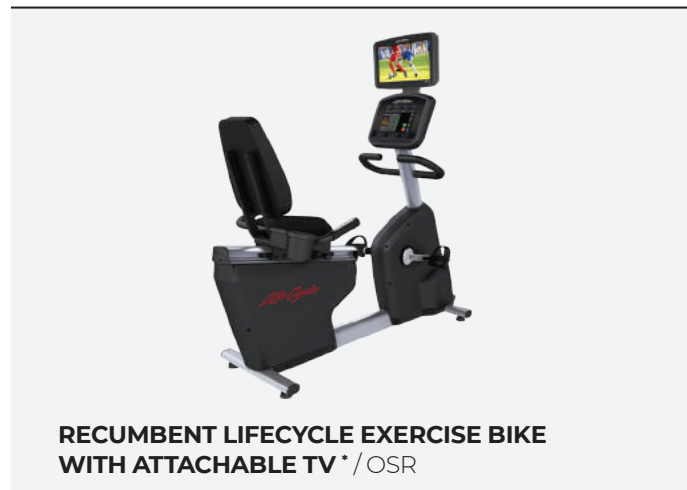

Light commercial cardio that combines reliability with intuitive functionality.

TREADMILL / OST

ELLIPTICAL CROSS-TRAINER / OSX

RECUMBENT LIFECYCLE EXERCISE BIKE WITH ATTACHABLE TV* / OSR

UPRIGHT LIFECYCLE EXERCISE BIKE / OSC

DESIGN

Aesthetic design doesn't stand on its own. It requires a framework of functionality. Every detail is considered in order to design cardio equipment that provides the best results for its exercisers.

DURABILITY

Extensive testing in the \$4 million reliability lab at Life Fitness ensures our cardio products meet the highest global standards and are built to last in any environment.

CONSTRUCTION

Building the best fitness equipment in the industry has always been our goal at Life Fitness. We maintain ISO 9001 certification and manufacture equipment under the highest quality standards.

GROUP TRAINING

A variety of high-intensity interval training options provide an effective cardio component to any group training program. Each product is also ideal for use during individual cardio workout.

HEAT ROW

CONSOLE DISPLAYS:
Time, Distance, Strokes/Minute, 500-Meter Split Time, Calories/Hour, Watts

HEAT ROW / PRF-ROW-LCD-01

The intuitive LCD console offers an easy-to-use digital experience with accurate feedback.

HEAT PERFORMANCE ROW / PRF-ROW-TFT-01

The TFT2.0 console offers high-tech digital feedback and motivational programs to enhance the rowing experience.

SPARC

HD SPARC / PT-SC

CONSOLE DISPLAYS:
Brake Resistance Level Meter, Numeric Display of Meters/km, Seconds, Strides per Minute, Time, Total Time, Watts

ICG INDOOR CYCLES

Indoor Cycling Group (ICG) has been motivating, mentoring, and measuring positive change in the lives and rides of the global fitness and sporting community since 1995.

Striving for excellence in indoor cycling has made ICG a global leader specializing in the design, manufacture and programming of premium indoor cycling equipment.

ATTENTION TO COMFORT

A padded sport saddle, PVC multi-position handlebars and multiple adjustment possibilities ensure that riders are comfortable from the start of the workout to the end.

WATTRATE® TFT

The WattRate® TFT Computer 2.0 has a bright, self-powered, fully integrated TFT screen and a front LED display, which simultaneously display one of five colored zones to match the user's WattRate® (power) reading or heart rate output.

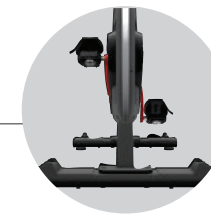

ADVANCED POWER METRICS

The WattRate® Direct Power Meter on IC7 bikes offers the market's most accurate sensor technology with a direct measuring tolerance of +/- 1%.

OPTIMAL Q FACTOR

Q Factor is the distance between an exerciser's feet when they sit on a bike and pedal. The industry standard Q Factor of 155mm on most ICG bikes results in a ride that feels comfortable and natural.

POLY-V BELT DRIVE

The Poly-V belt drive that powers each ICG bike transfers extreme levels of torque smoothly, requires limited maintenance, and is quieter than other drive systems.

INVITING DESIGN

A sleek and modern aesthetic combines with rugged features like a steel frame to create durable cycles that exercisers want to use.

STATE-OF-THE-ART INDOOR CYCLES

This fleet of bikes combines striking, award-winning design with an enhanced digital experience.

IC7 / IC-LFICGIC7-01

- Two-stage drivetrain and a premium digital experience
- Includes a WattRate Direct Power Meter, Coach By Color® intensity guide for user and instructor, and data exchange with devices
- A new, sleek design with black anodized components

IC6 / IC-LFICGIC6-01

- WattRate TFT computer features performance indication in watts, data exchange with external devices
- Coach By Color® intensity guide for both the user and instructor

IC5 / IC-LFICGIC5-01

- WattRate LCD computer displays performance and allows for data exchange with devices and the Coach By Color® intensity guide for users

The state-of-the-art engineering of ICG indoor cycles combines with engaging digital technology to create extremely memorable exerciser experiences.

COACH BY COLOR

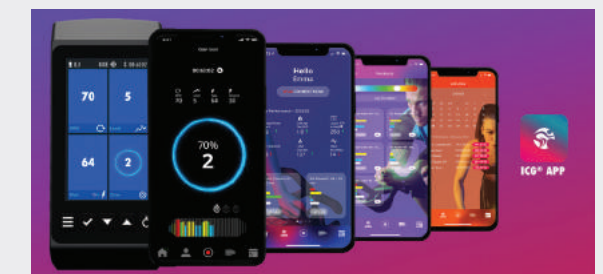

VERY LIGHT LIGHT MODERATE VERY HARD MAXIMUM

Color-coded biofeedback for exercisers, and a universal method for coaching intensity for instructors.

ICG CONNECT

A digital platform that creates exciting and immersive group exercise experiences through competition, vivid data visualization and instructor encouragement.

ICG TRAINING APP

The Apple® and Android™ app pairs with IC5, IC6, and IC7 bikes to give exercisers the power to view, save and track workouts.

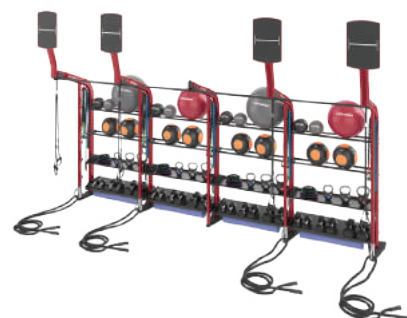

SYNRGY180

The SYNRGY180 functional group training system helps save space by doubling as a wall-adjacent unit. It can be custom-configured to have a core unit, with another add-on, and side units for storage space, suspension, HIIT elements and added variety.

PRECONFIGURED PACKAGES

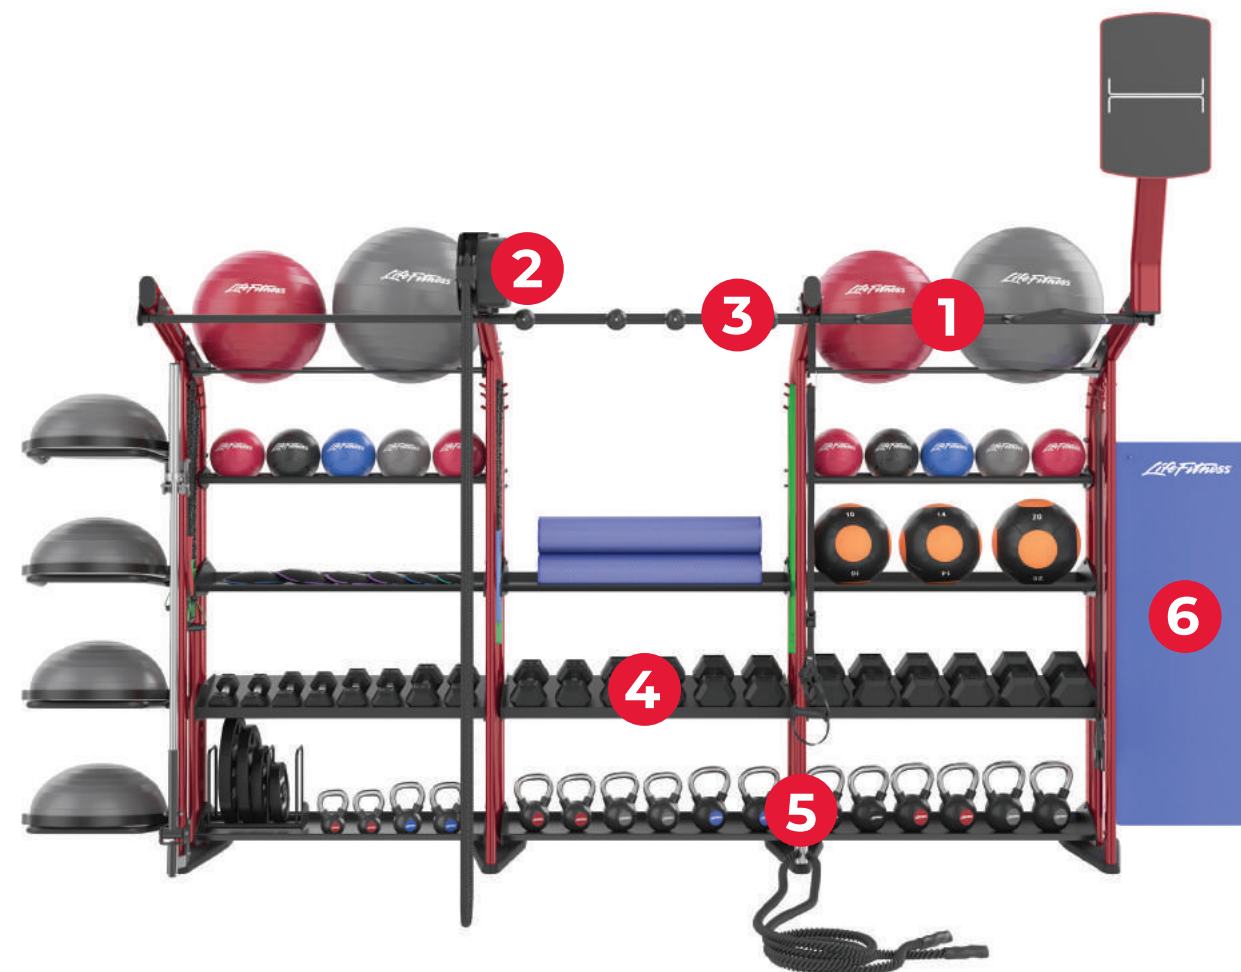

MIX 3

MULTI 4

DUO 4

- 1 STABILITY BALL STORAGE OPTION
- 2 TOP FRAME OPTIONS
- 3 CHIN OPTIONS
- 4 SHELF OPTIONS
- 5 BOTTOM FRAME OPTIONS
- 6 SIDE STORAGE OPTIONS

FREESTANDING SYSTEM

Add Stabilization Legs and a rear Counterbalance to allow SYNRGY180 to be freestanding and not bolt-to-floor.

SYNRGY360

The groundbreaking SYNRGY360™ system reinvents small group training. It creates a fun, inviting and meaningful workout experience for exercisers of all abilities and fitness levels.

SYNRGY360 units are available in several sizes and different customizable configurations.

The energy created around a SYNRGY360 system makes it the exciting focal point of any facility.

SYNRGY90

A nearly limitless variety of exercise options in one space. Rooted in the success of SYNRGY360 small group training, the SYNRGY90 system is a shift in contemporary personal training—it provides the structural space trainers need, offers nearly limitless configurability and fits seamlessly in dedicated spaces.

CABLE VERSA /SYN90-CV

VERSA CABLE /SYN90-VC

VERSA VERSA /SYN90-VV

SYNRGY360 T

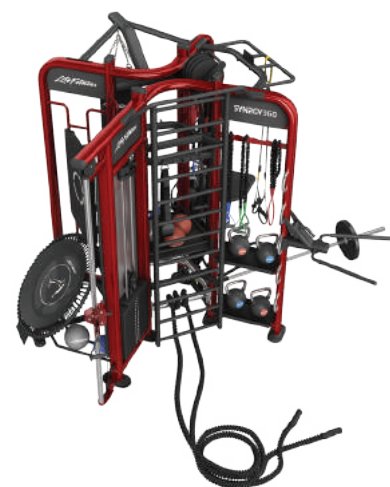

Contribute to exercisers' success with the variety afforded by five available training spaces in this streamlined configuration.*

2
PLACES TO TRAIN

MAX. FOOTPRINT:
5.8' x 7.6' (1.75 m x 2.31 m)
LIVE AREA:
11' x 22' (3.4 m x 6.7 m)

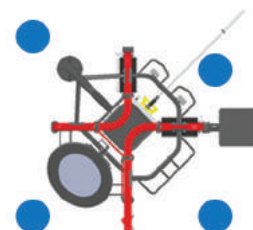

SYNRGY360 XS

This space-efficient training hub consolidates the variety of four distinctive training spaces with ample accessory storage.*

4
PLACES TO TRAIN

MAX. FOOTPRINT:
7.7' x 9.0' (2.34 m x 2.74 m)
LIVE AREA:
22' x 22' (6.7 m x 6.7 m)

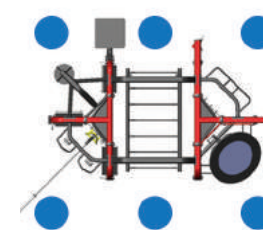

SYNRGY360 XM

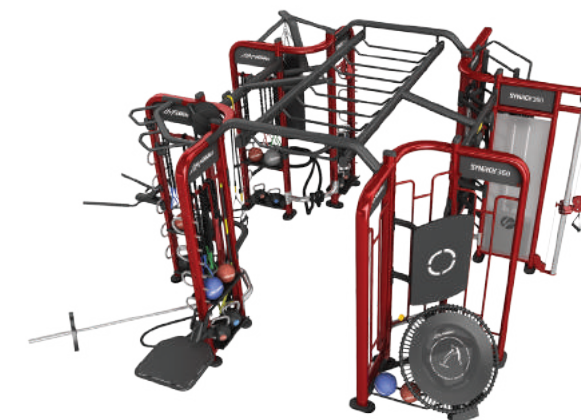

Make a bold statement about your facility's commitment to fitness with six available training spaces including a seven-handle monkey bar zone.*

6
PLACES TO TRAIN

MAX. FOOTPRINT:
9.0' x 14.4' (2.74 m x 4.39 m)
LIVE AREA:
22' x 27' (6.7 m x 8.2 m)

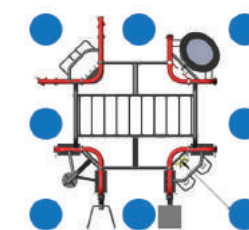

SYNRGY360 XL

Our premier training destination has eight unique training spaces, including a 10-handle monkey bar zone and two dedicated areas for suspension training.*

8
PLACES TO TRAIN

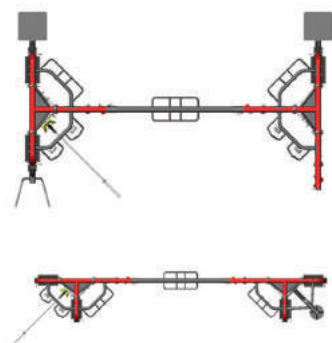

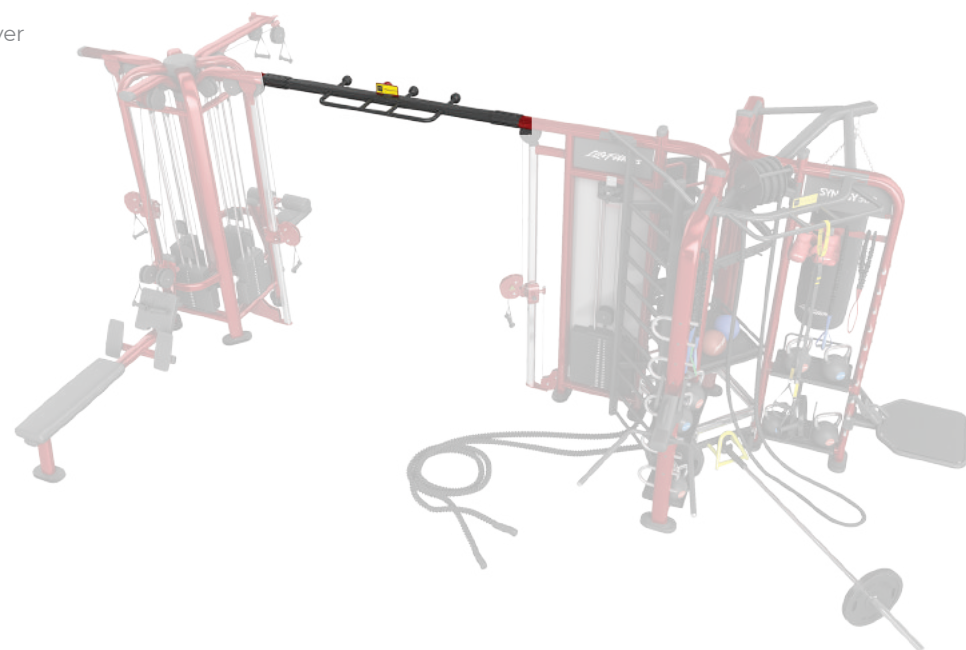

MAX. FOOTPRINT:
14.4' x 14.4' (4.39 m x 4.39 m)
LIVE AREA:
27' x 27' (8.2 m x 8.2 m)

OPTIONAL CABLE CROSSOVER CONNECTOR

Combine SYNRGY360 units by connecting cable stations with the optional cable crossover connector to create a different training environment and added interior space.*

- Supports multiple suspension trainers
- Additional chin handles
- Available in three lengths: 6' (1.82 m), 7' (2.13 m), 8' (2.44 m)

- 1** REBOUNDER
- 2** CABLE MOTION
- 3** ROPE PULL
- 4** BATTLE ROPE
- 5** PULL-UP BARS / TRX ANCHOR
- 6** STORAGE FOR ACCESSORIES
- 7** PLATFORM/DIP

*CONTACT YOUR SALES REPRESENTATIVE FOR PRICING AND ADDITIONAL CONFIGURATIONS.

*SYNRGY360 UNITS MUST BE SECURED TO A CONCRETE FLOOR FOR STABILIZATION AND TO ELIMINATE ROCKING OR TIPPING.

LIFE FITNESS STRENGTH

INSIGNIA SERIES
THOUGHTFULLY DESIGNED.
DISTINCTIVELY CRAFTED.

Subtle design elements and detailed attention to the exerciser experience create intuitive strength training equipment that operates with smooth and controlled motions.

Insignia™ Series is the optimal interaction between exerciser and machine.

STUDIO COLLECTION

ACCESSORIES

Studio Collection accessories are designed following color theories and common user preferences. The simple, organizational benefits and accessibility make the Studio Collection perfect for exercisers and club owners alike. These accessories—along with our other products—are the finishing touch for a complete facility, saving time and effort for customers.

FEATURES:

- Each rack is the same height and each type of weight utilizes the same color strategy. This gives your studio a collection of products that fit and work together as a family.
- Organizational efficiency allows this collection to fit in any space.
- Colors and design aesthetics make group studio classes more inviting.

HAMMER

HD PERFORMANCE TRAINERS

The Hammer Strength HD Tread, HD Air Bike and HD SPARC allow service members to get on and go with no hassle and maximum results. Within seconds, you can have your members pushing the limits of their HIIT workouts. Added to an existing training program, these products complete a well-rounded dynamic.

HD TREAD

PT-ST-01

A durable, self-powered curved treadmill made for performance training. Quick, efficient and tough enough to match the standards and expectations of the roughest exercisers.

HD AIR BIKE

PT-AB-01

An anaerobic endurance machine that allows your service members to quickly raise—or maintain—their heart rate. It is also excellent for injury prevention and recovery because there's no impact on an exerciser's joints.

HD SPARC

PT-SC-01

The ultimate performance trainer for explosiveness and power. It utilizes a high knee position and engages the glutes and muscles used to create downward-driving force. This translates to acceleration, speed and explosiveness training efficiency.

HAMMER STRENGTH SELECT

Built with the Hammer Strength philosophy of performance strength training, Hammer Strength Select combines attention to effective movement with a rugged industrial aesthetic.

PLATE-LOADED

BUILDING CHAMPIONS

Hammer Strength is the No. 1 brand of plate-loaded equipment in the world and offers some of the industry's most advanced strength-training technologies.

With the pioneering vision and guidance of founder Gary Jones, Hammer Strength became the first to explore the ergonomic advantages of utilizing converging and diverging arcs of motion. With more than 50 plate-loaded products—including the revolutionary Ground Base® machines—Hammer Strength gives you the power to build champions at any level.

HD ELITE **iD**

A RACK SYSTEM WITHOUT LIMITATIONS.

Hammer Strength's most premium racks are crafted with elite athletes and world-class facilities in mind. The amazing configurability of HD Elite iD lets you create unparalleled training experiences that evolve with you.

HD ELITE 10 RACKS

BUILDING CHAMPIONS

This customizable and highly modular rack system was created for those who want to push the limit of what a rack can do. With unrivaled rigidity, impeccable functionality and meticulous design, these racks are engineered to thrive in the most demanding athletic environments and high-performance facilities.

PERFORMANCE FEATURES

ANVIL BRACING™

Multi-plane bolting configuration increases structural rigidity.

HAMMERLOCK™

Bolting mechanism allows for higher fastening torque and eliminates exposed hardware for a cleaner look.

CO-BRANDING*

Show your team or facility pride by adding your custom logo.

*Co-branding is only available in North American markets.

7-GAUGE STEEL

50% thicker walls than 11 gauge ensures that your rack has the mass to feel rigid and holes won't deform over time.

HD ATHLETIC

EASILY CREATE YOUR OWN PERFORMANCE TRAINING SPACE

HD ATHLETIC NX

HD Athletic NX is the next generation of HD Athletic Racks. It's highly configurable, easily upgradable and offers a wide range of strength training options. There's no limit to how athletes can train with HD Athletic NX.

HD ATHLETIC PRO

HD Athletic Pro creates massive training flexibility out of small spaces. HD Athletic Pro is for the customer that needs integrated barbell solutions with practical accessory storage and functional training. Configure the structures that best fit your room by maximizing open floorspace without limiting the number of bars moving.

ATHLETIC NX

RACK

NX is a modular line of Racks that can be right sized to fit your space and your budget. At Hammer Strength, we don't compromise on performance. NX is ideal for high schools and training facilities that deserve Hammer Strength level quality and desire choices to create the perfect fit.

SQUAT STAND

HD ATHLETIC PRO

PERFORMANCE STRENGTH TRAINING THAT MAXIMIZES SPACE

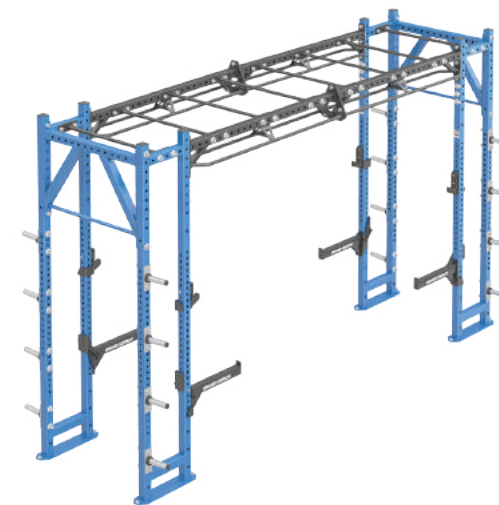

HD ATHLETIC BRIDGE

Olympic training and storage options are connected by an overhead bridge that offers the opportunity for group strength training, body weight training and more. Open space underneath the Bridge can also be used for a variety of general group exercise. Several configuration sizes fit nearly any space.

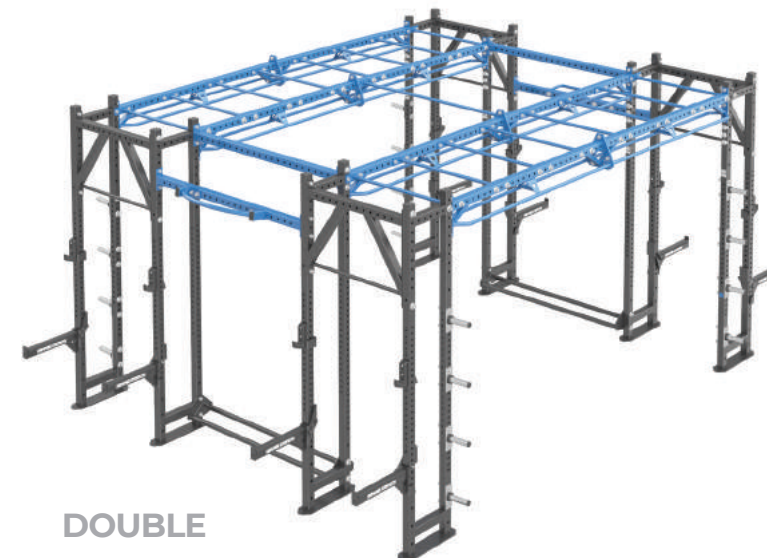

HD ATHLETIC PERIMETER

A depth of 32" ensures that Perimeter fits unobtrusively against a wall. Connect several together to create a performance strength training wall or large storage area.

BAR SUPPORTS AND CATCHES

ID BAR SUPPORTS

A 3/8"-thick bent plate with 3/8"-thick paint guards to protect the rack and dampen sound. Using molded urethane covers, the supports have a 5-1/2" landing zone, providing a large target and a 1-1/2" resting surface to ensure the bar is always balanced. A zinc-plated rod allows for smooth height adjustments.

ID HALF RACK BAR CATCHES

22" (56 cm) long with a 3-sided urethane guard to shield the catch and the bar. Two shock absorption pads and vertical displacement brackets prevent rack damage. Bar catch pins through the side of the rack for added stability.

FLEXIBLE BAR CATCHES

Help ensure a safe training zone when inside a power rack. Reinforced nylon straps disperse impact to the rack and prevent knurling damage to bars. The front and back of the straps can be offset so the bar rolls away if dropped when squatting.

PREMIUM POWER RACK BAR CATCHES

For HD Athletic NX Power Racks and designed with 2" x 3", 11-gauge tubing with a 1/2" solid steel rod from upright to upright. High-wear charcoal finish with a 3-sided urethane guard protects the bar and catch. All contact areas are protected with 3/8" urethane guards. Catches lock into place using Utility Band Pegs.

STANDARD HALF RACK BAR CATCHES*

18" (46 cm) long with a 3-sided urethane guard to shield the catch and the bar. The catch pins from the face of the rack and locks in place. Charcoal finish is a durable matte powder coating that includes paint guard tape to protect the uprights.

PREMIUM HALF RACK BAR CATCHES*

22" (56 cm) long with a 3-sided urethane guard to shield the catch and the bar. Shock absorption pads and vertical displacement brackets prevent rack damage. The catch pins through the side of the rack for added strength. High-wear charcoal powder-coated finish with a chrome pin.

STANDARD BAR SUPPORTS*

A welded 3/8" plate protected by an injection-molded urethane cover for bar protection. Charcoal finish is a matte powder coating that includes paint guard tape to protect the uprights.

PREMIUM BAR SUPPORTS*

A welded 1/2" plate protected by an oversized, injection-molded urethane cover for bar protection. Landing area is 2" that tapers to 1.3" for wide hand clearance. High-wear charcoal powder-coated finish with a chrome pin. The interior is wrapped with 3/8" urethane paint guards to prevent metal-on-metal contact.

*Compatible with HD Athletic NX Racks only.

Note: Not all options are listed. Contact your sales representative for more information.
