

## **JORDAN** PRODUCT CATALOGUE 2022

#### WELCOME...

To the Home of Premium Performance.

It's been an unprecedented few years, but our industry has come out stronger than ever and we're excited about the opportunities ahead. We've seen some incredible investments from new gyms/brands and a change up in gym design to accommodate the post-covid fitness market. We hope you have fun exploring just what's possible when designing your gym space, and are inspired by our vibrant range of premium fitness equipment.

#### **PRODUCT KEY**

## 11

The evolution of the Jordan brand has boomed over the last decade. Our continual domination both nationally and internationally has enabled us to concentrate on innovating and developing exciting new products that you can see throughout this catalogue. We can't wait to share with you the endless possibilities that will define your brand like never before.

Looking back to the beginning of it all, where I created my first functional training facility over 30 years ago, I am incredibly proud that we are now one of the worlds most recognised free weight, flooring, and functional suppliers. The future of Jordan Fitness is brighter than ever, with an expanding workforce, stronger client relationships around the world, and unbeatable product quality. We welcome you to our family....

#### TOP NEW PRODUCTS

We've invested in a range of new, and re-engineered fitness products, many now Made In Britain at our Norfolk HQ. With our focus on premium quality, we ensure our equipment supports you with your goals to offer the best experience for your clients.

From our new Ignite Pump X Studio Barbells, featuring a sleek remodelled design, to our Urethane Premium Dumbbells, and re-engineered racks, space-saving is our ultimate goal.

#### Here is a quick guide to what's new...

Grey Urethane Dumbbells - pg 23 S-Series Dumbbell Racks – pg 29/30 Half Hex Trap Bar - pg 55 Olympic Dumbbell Bars - pg 55 BOX12 Pod - pg 71 Kettlebell Storage Rack - pg 97 Torque Tank M4 - pg 112 Theragun - pg 117

#### OAK CENTRE

#### POWDER COATING SERVICE

Take your brand identity to the next level and make your gym or health club truly memorable.

We offer a premium aluminium, stainless steel, mild steel and cast iron colouring service to give your gym storage racks and rigs a quality, durable finish.

Powder coating is chip & scratch resistant as well as being environmentally friendly (as it contains no solvents). Due to its high resistance to sunlight (UV light) it is particularly beneficial for outdoor rigs.

Available in 20 standard RAL colours with hundreds more to choose from to match your brand, you can also choose from texture, matt, gloss and satin finishes.

Prices start from as little as **£35**. Please call or email us on **sales@jordanfitness.com** for a bespoke quote.

# DUMBBELLS

**JORDAN**°

A fitness staple for 30 years, Jordan dumbbells and racks have always been known for their quality and durability, as we source the highest quality materials to ensure longevity. We've invested in designs that last, all developed in the UK, building on our strength, so you can build up yours.

Our unique customisation service offers the opportunity to personalise your dumbbells, providing your brand with an opportunity to truly stand out.

Take a look at what we have to offer...

#### IGNITE V2 URETHANE DUMBBELLS

#### PREMIUM URETHANE DUMBBELLS

Unique to Jordan, this anti-roll design makes these dumbbells ideal for free weight areas. Fully customisable, you can add your brand and logo to stand out against the competition.

- · Unique design prevents rolling, and so ticks both safety and tidy boxes
- Heat-treated, brushed steel handles extend durability over chrome versions and add strength. Also features premium, encapsulated urethane so not an end cap in sight
- Great for a huge number of upper-body strength exercises, from shoulder press through to chest press and bicep curls
- Available in a variety of sets between 2.5kg and 50kg
- Superior five-year warranty

Designed in the UK utilising a shock absorbent premium urethane, these classic red dumbbells are a popular choice for gyms and health clubs looking to make a statement.

- Heat-treated steel dumbbells coated in heavy duty and odourless urethane, for superior endurance
- Great for a comprehensive number of upper-body strength exercises, from shoulder press through to chest press and bicep curls
- Heavy weights available, so ideal for CrossFit, bodybuilding and heavy strength training
- Available in a variety of sets between 2.5kg and 75kg
- Superior five-year warranty

#### PREMIUM URETHANE DUMBBELLS

#### HEX URETHANE DUMBBELLS

JORDAN

Designed in the UK utilising a shock absorbent premium urethane, these new styled grey dumbbells are a popular choice for gyms and health clubs looking for a neutral colour tone.

- Heat-treated steel dumbbells coated in heavy duty and odourless urethane, for superior endurance
- Great for a comprehensive number of upper-body strength exercises, from shoulder press through to chest press and bicep curls
- Heavy weights available, so ideal for CrossFit, bodybuilding and heavy strength training
- · Available in a variety of sets between 2.5kg and 75kg
- Superior five-year warranty

Built for commercial gyms and CrossFit Boxes, our sleek, stylish and ergonomically designed hex dumbbells provide users with the ultimate workout experience.

- Urethane coating creates a protective barrier between floors and other equipment minimizing impact and scuff marks No other coating provides such longevity and impact protection
- Great for a huge number of upper-body strength exercises including planks, rows, and push-ups (ideal for this anti-roll design)
- Comfortable contoured handles are hard chromed for durability so they won't flake or peel
- Choose individual pairs or full sets from 1-10kg, 2.5-25kg and 2.5kg-30kg
- Three-year warranty

#### CUSTOM BRANDED URETHANE DUMBBELLS

Whether you're a gym, hotel or university... strengthen your customer bond and sense of community by adding your logo, slogan or brand colour to our quality urethane dumbbells.

- Choose to customise from our classic round dumbbells and Ignite V2 design
- Great for a huge number of upper-body strength exercises, from shoulder press through to chest press and bicep curls
- Encapsulated ends encased in durable, odourless urethane
- Urethane material minimises markings caused to benches and floors
- Available in sets between 1-10kg, 2-20kg and 2.5-75kg
- Extended five-year warranty\*

## JORDAN

# BARBELLS

www.jordanfitness.com sales@jordanfitness.co.uk +44 (0) 1553 763285

JF

Jordan fixed barbells offer a time saving solution for gym addicts, and a super tidy solution for busy gyms and leisure spaces. With no changeover required these off-the-rack barbells are a great addition to any free weights area.

Choose from urethane or rubber; straight or curl bars, to offer your clients a variety of grip positions and movements to build strength effectively.

Add value to your barbells by fully customising them with your logo or brand colours, to take your gym to the next level.

#### CUSTOM BRANDED URETHANE BARBELLS

You can now add your logo, slogan, or for a lighter touch, your brand colour to our Jordan urethane barbell sets. Whether you are a gym, hotel, spa, sports club, university or a company with your own gym, you can fully tailor your design to match your brand.

- Classic circular barbells with ends encased in heavy-duty, odourless urethane.
- Barbell Sets include:
  - 2 x 10kg
  - 2 x 15kg
  - 1 x 20kg
  - 1 x 25kg
  - 1 x 30kg
  - 1 x 35kg
  - 1 x 40kg
  - 1 x 45kg
- Stylish and durable black urethane finish, known for it's superior performance
- Easy grip handles (available as straight or curl bars)
- Three-year warranty

Contact our dedicated customer sales team for a quote and design mock ups:

#### **BOX12 POD**

If you're looking to give your gym facility the edge, whilst offering a Boxing HIIT workout like no other, the new BOX12 Pod will be just up your street.

Offering a full Boxing Rig with an Aqua Bag and integrated storage for all your functional kit, this impressive unit comes with an interactive touch screen with 6 x preloaded BOX12 workouts. If you want to give your clients the freedom to train independently, this setup is ideal for those who cannot attend a class or prefer to train solo whilst receiving guidance and expert instruction.

You can customise your rig to suit your needs, choosing the weights that work best for you, with the following available as a standard package:

- Freestanding Boxing Frame (H: 2250mm, D: 1313mm; W: 1660mm)
- 22" Touch screen
- 3 x Slam Balls 5/7/12kg
- 4 x Kettlebells 8/12/16/20kg
- 4 x Dumbbells (pairs) 4/8/12/16kg
- 3 x Sandbags 10/15/20kg
- 1 x Aqua Bags

# PERFORMANCE RACKS

From racks and quarter/half racks, to our space-saving foldaway rack, our performance range is suitable for commercial training facilities and are also perfect for home and garage gyms.

Manufactured in the UK, our Performance Racks are engineered to the highest level of classification (ISO 9001:2008 and ISO 9001: 2015) and all come with an industry-leading lifetime frame, and weld guarantee.

Built to current EN 957 and EN ISO 20957 Stationary Training Equipment standards, our racks are fabricated by experienced, accredited CHAS Contractors (the industry-leading contractor health & safety certification in the UK) – as when it comes to Jordan, only premium quality will do.

Lead Time: 6-8 weeks

It is recommended that the rigs be secured to suitable floor and wall. Please ensure sufficient suitability of floor/wall and ceiling height.

1 march 1

## 3-in-1 Functional training station, bench & storage

Unique to Jordan, our space saving HIIT bench has everything you need to develop fast paced HIIT group training sessions as well as being the superstar of the gym floor.

This compact multi-functional exercise bench was built to challenge, with space for 2 Kettlebells, a Medicine Ball, skipping rope or stretch bands as well as a choice of Dumbbells (with room for 5 pairs).

- Featuring EU and UK Registered Design, this exceptional bench is made in the UK from high quality mild steel with durable foam pads, doubling up as a comfortable adjustable bench and firm plyo box
- Includes a rope attachment so you can offer the ultimate battlerope or resistance band workout (with up to 6 users around 1 bench)
- Handle with lockable wheels ensures ease of movement for when used as part of a class setting.
- The shape and size is optimal for boutique, PT gyms and studios, as well as traditional gym settings.
- Choose to customise your HIIT bench with a choice of colour rims and add your logo to the matt finished steel frame.
- One-year warranty on bench, 90 days warranty on upholstery

## SEATED CALF RAISE

## GLUTE/HAM DEVELOPER

Develop sculpted calf muscles or sports-specific power with this stable and compact piece of quality gym equipment.

- Lock in to the perfect position thanks to the adjustable and comfortable thigh pad
- Specific focus on the soleus muscle rather than the gastrocnemius muscle (that make up the calf-muscle area) because of the seated position
- Beautifully engineered with a heavy-duty steel frame and quality components
- · Conveniently placed handles provide stable base to maximise exercise
- Angled weight horn allows for easier loading and unloading of Olympic plates
- One-year warranty on frame, 90 days warranty on upholstery

#### COLOUR OPTIONS

No-nonsense, extremely stable piece of gym equipment that strengthens and shapes glutes and hamstrings.

- Unique split-pad design increases comfort and retains stability
- Dual rollers provide mid-section and ankle support
- Multi-adjustable to suit all users
- · Low-profile, solid frame perfect for all gym and home gym environments
- Great for all but particularly useful for team sports people like footballers and rugby to develop hamstrings and avoid injury
- One-year warranty on frame, 90 days warranty on upholstery

JL-SCR-BLK	Black	L:1370mm W:660mm H:980mm	JL-GHD-BLK	Black	L:1370mm W:870mm H:1070mm

## 45 DEGREE HYPER EXTENSION

Built to remove the difficulty of performing a sissy squat whilst developing all those lower body muscles.

- Perfect addition to the gym floor for developing quads and glutes.
- Easily place calves against the pad and squat deep, great for isolating the 'tear drop'.
- High grade foam rollers and pad to provide cushioning for your lower legs
- Robust, heavy-grade flat oval steel frame with a powder coat finish.
- Add weights with high reps to intensify a lower body training session
- One-year warranty on frame, 90 days warranty on upholstery

Vital but understated training equipment that strengthens lower back for peak sporting performance and eases, or prevents, spinal issues.

- Dual foot rollers clamp you in comfortably and also steer you into the perfect angle
- Adjustable pad suits all heights
- · Anti-slip rubber feet mean extra stability and no slippage
- · Can be used with dumbbells, sandbags or medicine balls
- Back strength is at the heart of sporting performance, be it sprinting, endurance events or bodybuilding
- One-year warranty on frame, 90 days warranty on upholstery

## SOFT PLYOMETRIC BOXES

## **3-IN-1 PLYOBLOC**

Designed for use by athletes, gym goers and children alike, these soft plyos build strength, balance and power, sitting neatly in the corner of any sports club or gym.

- High density foam blocks with non slip vinyl covers provide a soft surface that reduces stress on joints during landing
- Unique stackable design (EU and UK Registered Design) minimizes space required whilst velcro holds boxes firmly, and safely, in place
- Light and easier to move around than ever before
- · Available individually or as part of a full set of five
- One-year warranty

An EU and UK Registered Design, this space-saving Plyobloc features three different heights within one plyo box, suitable for all ages and abilities.

- Three heights 50cm (20in), 60cm (24in) and 75cm (29in) to not only provide a powerful workout platform whatever your ability, this plyometric jump box is also perfectly sized for competition e.g. CrossFit games.
- High-density foam reduces impact on landing and so reduces the chances of injury
- · Durable vinyl covering prevents slippage and adds stability
- Space-saving design is the perfect entry point for beginners to plyometric train
- From box jumps to rapid fire step ups, it's perfect for bodyweight-only based workouts
- · One-year warranty on frame, 90 days warranty on cover

# LIFELINE<sup>®</sup> USA

Lifeline are a market leader in the supply of training tools that define the benchmark in professional grade fitness equipment used for Bodyweight, Progressive Variable Resistance and Athletic Training. Lifeline's original Jungle Gym started the body weight suspension system movement and they continue to bring to market innovative tools, like their Powerwheel, offering commercial gyms and consumers great value fitness essentials.

# JUNGLE GYM® XT

# JUNGLE GYM® V3

Fantastic suspension trainer whose versatility will result in a more powerful whole-body workout.

- Its unique split design means you can quickly and easily adjust the forces on your body by changing the width of the system, meaning it morphs from a V-shaped to neutral to wide-angle suspension trainer
- Dual straps allow anchor points to be moved closer or further apart to alter training stress
- Works your whole body whether you're executing press-ups, pull-ups or simple stretches
- Rubber handle is durable, comfortable and easy to clean; solid offset heel straps ensure greater ease of access and comfort
- There's no need to clip a foot cradle on, it is all ready to go
- One-year warranty

### **PRODUCT INFORMATION**

JLJG-XT Two industrial suspension straps (8 feet each); Two integrated easy-wipe handles and easy-in foot cradles; Two comfortable in-line adjustment buckles; Two non-scuff door anchors and two strap end adjustor's; One Non-Scuff Duro-Link Anchor

This dual-mode, versatile bodyweight & resistance cable trainer offers an endless number of exercises and body movements.

- Adjustable anchor strap offers 8 new height adjustments and 360° rotating swivel allows fluid movement between push and pull exercises.
- Integrated non-scuff door anchors allow easy, safe, non-scuff connection to door whilst quick adjustable buckle allows quick strap length adjustment for movement between exercises and positions.
- Ergonomic handles incorporate an easy-in foot cradle made from a nonslip comfortable rubber material.
- Made using durable natural latex, Lifeline's Progressive Layering Technology™ creates super-strong cables that are more durable than common extruded fitness tubes.
- Split anchor design allows users to quickly and easily adjust the forces on the body by changing the width of the anchor point
- One-year warranty

# POWER WHEEL

# HEAVY WEIGHTED SPEED ROPES

Send your strength to another level and enjoy the ultimate core workout with arguably the finest, most durable wheel on the market.

- Independent research undertaken from the University of California, Berkeley, states the Lifeline Power Wheel is 'The Best Core Trainer in the World'
- Simply strap your feet into the adjustable fasteners and, depending on your position, challenge your abs, obliques, back, hips and glutes
- That's not all you'll also enjoy strength development in your chest, hamstrings and calves
- The 13-inch wheel features a knobbly design for better grip
- Can be used with hands and feet, both indoors and out
- One-year warranty

### **PRODUCT INFORMATION**

JL-PW-2C 13" Diameter Wheel. 22" Wide Handle is shoulder width apart. Foot Stirrups hip width apart.

Fire up your speed, stamina and strength with either a 'heavy' or 'extra heavy' speed rope.

- Skipping is tough. Skipping with the heavy-weighted speed rope is even tougher. But the result? Greater strength and stamina gains whatever your sport
- Speed rope comes in 'heavy' (0.75lb) or 'extra heavy' (1.25lbs) options. Both are 10ft long
- Patented length-adjustment feature ensures this rope works for everyone, whatever your height
- · Durable ball-bearing handles guarantee smooth, reliable action
- Comes with 'Your Guide to Jump Fitness', written by Bobby Hinds, 'The Jump Rope King'
- One-year warranty

JL-WSR-H	Heavy weighted speed rope 340g (Red)
JL-WSR-X	Extra-heavy weighted speed rope 567g (Black)

# AIREX® BALANCE PAD

# AIREX® BALANCE BEAM

Suitable for barefoot balance training and rehabilitation exercises, the AIREX Balance Pad is an essential tool for active therapy.

- Fantastic training tool to improve conditional and coordinative abilities in combination, for example strength, endurance, differentiation and balance
- With a foam thickness of 6cm, the body is constantly challenged in order to maintain balance and stabilise the joints
- Hygienic and easy to clean, the pad's outer material finish is antimicrobial
- Multifunctional, this balance pad can be used indoors and outdoors due to its water resistance
- For use barefoot or with socks (no trainers)

### **PRODUCT INFORMATION**

JLABP-B	Blue	L:500mm W:410mm H:60mm
---------	------	------------------------

Developed especially for clinical balance and proprioception exercises for physiotherapists, the AIREX Balance Beam is ideal for balance training, whether in the gym or at home.

- · Yielding and supportive, its design provides protection against injuries
- Using deeper muscles compared to performing the same exercises without the Balance Beam, the control functions in the brain and receptors in the joints are heavily stimulated creating a more fulfilling workout
- Hygienic and easy to clean, the pad's outer material finish is antimicrobial
- Multifunctional this balance beam can be used indoors and outdoors due to its water resistance
- For use barefoot or with socks (no trainers)

Our Heavy Hitter Aqua Punch Bags are a great alternative to traditional Boxing Bags.

- Unlike traditional bags that can sag over time, with aqua bags you simply need a water top-up, so you can train longer and harder, with every hook, jab and punch. Commercial grade vinyl covering for ultimate strength
- UV resistant so you can use both outside, and within your boxing club/ garage gym
- Water filling nozzle included and heavy-duty shackle included (ask us about outdoor use shackles as galvanizing required)
- Choose from a slick black or fiery Lava Red to match your gym space
- Available in 11", 16", 18", 22" size bags

# CUSTOM BRANDED FLOORING & TURF

We offer the opportunity for Boutiques, Gyms and Leisure Centres to design their functional flooring space to suit a range of fitness programming.

Choose to add floor markings (numbers, dots, lines, grids, a compass and even your logo) to enhance your Activ flooring, and tailor your group exercise and gym offering so enhance your brand.

Not only can we customise your rubber tiles, you can create your own branded sprint track and turf area with our Premium Turf offering.

Contact our dedicated customer sales team for a quote and design mock ups:

Call: +44 (0) 1553 763285 Email: sales@jordanfitness.co.uk

The Jordan flooring is great. Over the last 4 or 5 years we have been doing a lot of the flooring ourselves. And, what we have established is not only is it helpful and useful to have an install team fit the flooring, It gets you the finish that you need. After having this done with Jordan, we'll be using this service more in the future. "

## TRAINING ACADEMY

Jordan Training Academy delivers first class training to fitness professionals, and clubs worldwide. We've trained thousands of club owners and fitness professionals over the years, specialising in product training, through to fitness instructor training courses.

Available as both in-house courses and at locations across the UK, our REPS / CIMSPA accredited courses are both practical, and relevant to allow you and your team to immediately apply your knowledge to enhance your client experience.

## **KETTLEBELL COURSE**

The aim of the Kettlebell Instructor Course is to provide the fitness professional with the Theory and practical application of using a kettlebell to improve a client's fitness.

By the end of the course, you'll be able to list the benefits of Kettlebell training and how it differs from all other training methods as well as practically apply the safety considerations of training with a Kettlebell.

As a result of this Instructor course, you'll be able demonstrate, teach, analyse and correct technique as well as utilise remedial drills to correct common technical errors. You'll be a master of the Kettlebell and be in a position to apply and integrate Kettlebell exercises into a comprehensive and effective training programme for your clients.

#### Assessments

Theory - Completion of theory assessment Practical - Competent Demonstration of the exercises and coaching skills

#### Outcomes

REPS Points Awarded on Completion: 8 CIMSPA Points Awarded on Completion: 4

#### **Entry Requirements**

To qualify attendees should possess a Level 2 Gym Instructor or Studio Instructor Qualification minimum.

#### Venue locations

Courses take place across the UK. Contact us for locations and dates.

#### **On-site Training**

If you are looking to hold this training at your own location for 5+ people, please contact us for a full quote. Price including VAT, expenses may be added to final costs.

## **OLYMPIC WEIGHTLIFTING COURSE**

The aim of our Olympic Weightlifting Instructor Course is to provide a comprehensive overview for fitness professionals of the background and practical application of Olympic lifting.

By the end of the course you'll understand the benefits and safety considerations and contra-indications associated with weightlifting. You'll be able to demonstrate competent techniques for the Power Clean, Split Jerk and Power Snatch exercises and apply progressions and regressions.

As a result you'll have an understanding of how to include assistant exercises, Olympic Pulls, Modified Olympic Lifts and the Olympic Lifts within a progressive resistance training programme.

#### Assessments

Theory - Completion of theory assessment Practical - Competent Demonstration of the exercises and coaching skills

#### Outcomes

REPS Points Awarded on Completion: 8 CIMSPA Points Awarded on Completion: 4

#### **Entry Requirements**

To qualify for REPs CPD attendees should possess a Level 2 Gym Instructor or Studio Instructor Qualification minimum and a Valid REPs membership.

#### Venue locations

Courses take place across the UK. Contact us for locations and dates.

#### **On-site Training**

If you are looking to hold this training at your own location for 5+ people, please contact us for a full quote. Price including VAT, expenses may be added to final costs.

## MMA FITNESS COURSE

The aim of this MMA fitness course is to provide a comprehensive overview for fitness professionals of the background and practical application of Combat Training for Fitness.

By the end of the course you'll understand how MMA drills can be used to develop fitness in a non-combative environment as well as demonstrate competent techniques for kicks, punching, elbow and knee strikes using pads.

As a result, you'll have the ability to teach individual clients of a basic fitness level as well as train a group using basic fitness drills.

#### Assessments

Theory - Completion of theory assessment Practical - Competent Demonstration of the exercises and coaching skills

#### Outcomes

REPS Points Awarded on Completion: 8 CIMSPA Points Awarded on Completion: 4

#### **Entry Requirements**

To qualify for REPs CPD attendees should possess a Level 2 Gym Instructor or Studio Instructor Qualification minimum and a Valid REPs membership.

## INDOOR CYCLING COURSE

The aim of our Indoor Cycling Instructor Course is to provide a comprehensive overview for fitness professionals of the background and practical application of using indoor studio bikes for improving fitness in a group setting.

By the end of the course you'll be able to demonstrate the importance of safety on a bike, plan a safe and effective class and list the benefits using an indoor cycle.

As a result of attending this indoor cycling course, you'll feel confident to plan in effective music selection and choreography, to maximise impact in your class.

#### Assessments

Theory - Completion of theory assessment Practical - Competent Demonstration of the exercises and coaching skills

#### Outcomes

REPS Points Awarded on Completion: 8 CIMSPA Points Awarded on Completion: 4

#### **Entry Requirements**

To qualify attendees should possess a Level 2 Gym Instructor or Studio Instructor Qualification minimum.

## **IN-HOUSE TRAINING COURSES**

In addition to our Instructor courses, we also offer a number of in-house training opportunities for Personal Trainers and Gym Staff within gyms, leisure trusts, sports clubs and universities.

Choose to develop your own specialist course, tailored to your specific programming needs, or from any of the following:

- Functional Fitness Instructor Workshop
- Bodyweight Suspension Training Instructor Course
- Functional Training Rig Workshop

For more information on any of our courses, contact our sales team: sales@jordanfitness.co.uk

Through a rigorous tender process conducted during 2018, Jordan stood out as the clear front runner to supply fitness accessories across all our new and existing gyms. Jordan's product innovation & quality, attention to detail and competitive pricing makes them a perfect long term partner for our business."

## Richard Annetts Model & Equipment Manager

## PureGym

PureGym, now with over 300 gyms across the UK and an expansion planned for the Middle East and the USA, are one of the largest gym chains.

Having chosen Jordan as their customisation partner back in 2018, we now supply a range of free weights and functional equipment

Due to our ability to custom brand Dumbbells, Barbells, Studio Barbell Plates and Olympic Competition Plates, PureGym chose to brand their entire free weight collection, enhancing their friendly, supportive values and epitomise their 'Everybody Welcome' message.

Allan Reid PT & Instructor

## **ROX LIFE**

ROXLIFE is a boutique fitness studio in Brighton and Hove, offering 4 group fitness concepts including Ride, Strength, Box and Yoga, across two, fully immersive studios.

Rox Life selected Jordan Fitness as their sole supplier for HIIT Benches, which are used in a variety of classes and personal training sessions within the studio. Bumper plates, kettlebells and hex dumbbells are also used by clients to compliment their wide range of classes.

This is one small space that really packs a punch.

## SCAN ME TO WATCH

## STEALTH GYM

Stealth Gymnasium is a state-of-the-art gym and boxing space that offers a wide range of facilities at Macclesfield Football Club.

Created by Robbie Savage and Robert Smethurst, Stealth Gym are a unique set up, offering their professional footballers and the local community.

Jordan Fitness equipment is a firm favourite of the gymnasium, due to its high quality and versatility to be used in various classes such as spin, circuits and core along with strength/conditioning training. Chosen alongside Matrix Cardiovascular kit and weight machines, Stealth have invested in top quality kit that looks first class.

We love the quality of our Jordan equipment, especially in the classes where we can involve the slam balls, barbells and mats."

The equipment is high quality. I've seen a lot of equipment in many gyms over the years and Jordan Fitness stands out."

Danny Wilson Boxing Science Owner

## **BOXING SCIENCE**

Dedicated to training and research for physical performance in Boxing, Boxing science not only has a gym based just outside of Sheffield, Danny and the team look after an international community of sports professionals.

Boxing Science invested in Jordan gym equipment due to the overall quality, and style. With machines such as the Dual Pulley, free weights including dumbbells and bumpers through to a range of functional equipment, Boxing Science assists athletes in reaching their maximum potential.

## MIDLANDS FITNESS GAMES

Created by brothers Myles & James Brownhill, of Fosse Way CrossFit, their vision of a bi-annual Crossfit Games in the in the heart of England, came into fruition with a sell-out event.

This 1400 sqm of space transformed into an epic Crossfit playground, with a custom 20 lane rig, brand new Jordan Olympic barbells/plates and kettlebells, creating an electric atmosphere.

With Games planned in twice a year, they ensure the highest quality of kit will be available for their avid fitness community.

## SORORITY STRENGTH

JORDAN

202

Growing up in Gyms, and following in her father's footsteps, Kate from Sorority set up her dedicated female-only gym late 2021.

Having experience in running several other gyms, and having chosen Jordan as the main supplier, she has continued her investment for her new passion project.

Investing in Jordan Fitness flooring, barbells, fleck bumper plates as well as Hex Dumbbells and the all-important Glute/Ham Developer. She supports her ladies in feeling confident and strong, and brings an energy to her community we've not seen before.

Creating a mini gym for my Personal Training business was the best thing I could have done in Covid. It gave me an opportunity to continue to support my clients and a safe space for them to develop. Jordan kit has been key in the set up, as they have all the essentials you need."

Charlie, Personal Trainer Joint Owner

## HOME GARDEN PODS

With the growth of home gyms during Covid lockdowns, Garden pods have been a great way to extend home gyms and create multi-use office/gym spaces.

We've seen some extraordinary set ups from basic yoga hideaways, through to complete mini Gyms, for Personal Trainers to run their services from.

Take a look at the Garden Pod Gym designs and workouts offered in these small but sturdy spaces.

## **INSTALLATION & SERVICING**

Here at Jordan, we offer a full support service to ensure your gym equipment and flooring is installed safely and securely, giving your facility a professional look and feel.

Our dedicated Install Engineers are on hand to build your rigs and racks through to laying your flooring. With annual service plans available, our team of specialists can ensure continued support to ensure your installation remains safe and secure.

Here's what you can expect when you invest in our installation service:

\* Various communication methods are used. This will be decided on a case-by-case basis.

\*\* Site visits are arranged for large installations i.e. flooring, functional rigs etc..

\*\*\* Pallets and skips may require an extra day for collection.

## **BUSINESS FINANCE OPTIONS**

#### Invest in the commercial gym equipment you need to grow your vision and ambition, without the burden of major upfront costs.

Suitable for fitness start-ups, growing gyms looking to invest in new locations, as well as franchises, hire purchase and business leasing are great options for companies looking to take the next step in the fitness market.

#### What business finance options are available?

#### Finance lease

Leasing is an affordable option for gyms looking to tailor payments to suit their cash flow, as rental payments can often be specified at the start of the lease. With a finance lease agreement, the finance company will buy the equipment you need and hire it to you over a specified period.

The equipment will remain the property of the finance company, however you can choose to use it as if it were your own asset. A further benefit for your company accounts is that lease rentals can be 100% tax deductible against profits. You only pay VAT on the rental, therefore if your company is VAT registered you may be able to reclaim a proportion of the VAT, this may help with cash flow.

As with all leasing agreements you will not own the equipment and will need to extend your lease to keep the equipment or invest in a new equipment lease.

However, as gym equipment is classified as a depreciating asset this is a great option for gyms who need to budget and invest elsewhere to grow their membership base (or even open another gym!).

#### Hire purchase

If you do want to own your gym equipment but wish to spread the cost over a period of time, hire purchase agreements give you the option to obtain ownership of the asset at the end of the agreement for a final ownership fee.

With hire purchase, one of the additional benefits is that you may become the equipment owner earlier than agreed as you can settle the remainder of the finance early if this suits you financially\*.

For further information on the benefits of buying your commercial gym equipment through leasing or hire purchase, please contact our experienced account managers: sales@jordanfitness.co.uk
