100% VEGAN

VEGAN PROTEIN FOR PROTEIN SHAKES MADE OF THREE VEGGIE SOURCES

- **100% vegan:** This vegetable protein powder is optimal, to support your body after training with valuable proteins. It is completely without animal sources.
- **Protein Layer vegan:** With 24% protein and only 1% sugar, the Vegan Protein Layer is the perfect snack for in between meals. Whether brownie or peanut butter – both varieties captivate with a particularly delicious taste coated in chocolate.
- **3 sources of protein** in this protein powder comes from proteins from soy, peas and rice. The three sources create a higher biological value.
- **With vitamins:** The protein powder also contains Vitamin B6 for muscle building and vitamin C for normal strengthening immune system. That's how it gets intense training additionally supported.
- **Low Sugar & Low Carb:** With less sugar and carbohydrates the protein shake is the ideal addition to your workout. Vegan protein is made in Germany and consists of high quality ingredients.
- **Special taste:** Despite low sugar it tastes really good. Vegan protein powder with its delicious taste is creamier and more complex than ordinary protein powder.

PROTEIN 90

For more performance and success in achieving your athletic goals, proper nutrition is important. The Multipower Protein 90 products are optimally adapted to your training. One serving of Protein 90 Shake contains 34 g of high-quality protein and is additionally enriched with important vitamins, magnesium, calcium and copper. Protein is an essential component of every cell and contributes to the maintenance of the muscles. An increased protein intake optimally supports the training.

PRODUCT FEATURES

- The Protein 90 Shake contains up to 84% high quality protein and is enriched with vitamins and magnesium.
- Now with sunflower oil instead of palm oil.
- The shake with up to 35 g of high quality protein per serving is ideal for supporting muscle building - after training or as a meal for in between.
- The 390g variant contains additional L-Carnitine and thus addresses the target group „Weight Management“.
- For a tasty, quick protein supply.

EAA POWDER

- ✓ Essential amino acids (EAA) provide the body with all components for building and maintaining muscles and are an important part of many important metabolic functions.
- ✓ Essential amino acids cannot be produced by the body itself; they must be taken in with daily nutrition.
- ✓ The amino acids used in the Multipower EAA Powder are of plant origin and therefore also ideal as a supplement to a vegan diet.
- ✓ The EAA Powder provides 9g essential amino acids (including 5g BCAA) per serving as well as the important Vitamins C and B6 to strengthen the immune system

EAA POWDER ICETEA LEMON

Essential amino acids, vitamins C and B6 to strengthen the immune system.

TASTE MEETS FUNCTION

PRODUCT FEATURES

- ✓ Delicious, creamy hazelnut nougat cream for use as spread, as topping for pancakes or to spoon straight out of the glass!
- ✓ Protein Loaded - 21% protein to support individual goals, like building muscle or to increase general well-being.
- ✓ Reduced sugar - 85% less sugar compared to conventional hazelnut spreads. No added sugar.
- ✓ Without palm oil - For the sake of the environment, we do not use palm oil. Sunflower oil, Cocoa butter and coconut oil make the Protein Cream at least as creamy.

A NEW ERA IN PROTEIN PRODUCTS

- ✓ The protein trend continues unabated. Meanwhile, consumer demand is increasing far beyond the classic product categories of protein powders and bars.
- ✓ The new Multipower Protein Cream combines the best of both worlds - a delicious taste with the important features „high protein“ and „low sugar“.
